

Now is the time! We want to make Oregon's WorkSource system customer driven, tied to regional economies, and have a measurable impact...and we need your help to get us there.

PLEASE JOIN US

The Workforce Investment Council of Clackamas County is partnering with other local workforce investment boards and the Oregon Employment Department in hosting a series of strategy sessions across Oregon to identify how the state's workforce system can be more effectively tied to regional needs. You are invited to attend the one that fits best with your location or schedule.

You won't find a sales pitch for state services or a conversation about incremental tweaks. These sessions are dialogues on how we can deliver high value services to our customers and what we need to do more of or less of to connect qualified workers to employers.

This is a critical step in the state's effort to integrate services and redesign the workforce system to enhance Oregon's competitive position. It is one of those rare times when we have the ability to reexamine WorkSource as a system rather than just one or two services at a time.

Your input helps local workforce investment boards and the Oregon Employment Department allocate resources where they are needed most. Without an honest dialogue with customers and service providers it will be difficult, nearly impossible, to ensure workforce services are effectively deployed.

So please join us on April 3 at the Al Kader Shriner Center in Wilsonville:

Time: 9:00-11:30 am: Employers and business groups,
 9:00 am- 3:00 pm: Service providers and workforce partners
