

January 19, 2012

Chair Charlotte Lehan  
Commissioner Jim Bernard  
Commissioner Paul Savas  
Commissioner Ann Lininger  
Commissioner Jamie Damon

Dear Board of County Commissioners,

At the January Clackamas County Business Alliance (CCBA) Board meeting the Board of Directors discussed the current planning underway for the Stafford area. The CCBA has long identified the Stafford area as an untapped resource in the county – an area that could potentially be home to employment land. If developed responsibly, the Stafford area could become a thriving economic driver of the county.

Current plans include the creation of a topographical model to demonstrate how the property could be developed. This tool could be used when discussing possible development with property owners, policy makers, developers and builders.

The CCBA board wants to officially ask the Board of County Commissions to continue taking the lead on the planning of Stafford and help financially support the creation of the topographical map. Additionally, the board recognizes the importance of moving swiftly on this plan and asks that the Board of County Commissioners complete the Stafford area plan by the end of 2012.

Several commissioners were present at this meeting for the discussion and action. However, if there are any questions or comments, please do not hesitate to contact me.

Thank you for your consideration of this request.

Sincerely,

A handwritten signature in blue ink that reads "Kim Parker". The signature is written in a cursive style.

Kim Parker  
Executive Director

A handwritten signature in black ink that reads "Peter Watts". The signature is written in a cursive style.

Peter Watts  
Board President
